The Plastics Group, Inc.

(Willowbrook, IL)

One of North America's largest industrial blow molders with manufacturing facilities in Illinois and Ohio engaged the services of CMR to review their

Property/Casualty

program. Rather than wait seven months for their renewal, The Plastics Group hired CMR to independently audit coverage and benchmark existing insurance rates.

Results: Program deductibles were dramatically reduced, gaps in coverage were identified and corrected, and premiums for Property, General, Automobile, and Umbrella, Directors' & Officers' Liabilities and Workers' Compensation combined were reduced annually by 50%.

The Plastics Group, Inc., Willowbrook, IL – Michael Moore, CFO

"After our 2007 P&C renewal was completed, I had a gut instinct we were not receiving the most competitive program for our Company. Our broker emphatically stated otherwise. CMR agreed and through their assistance, we were able to make a mid-year change and dramatically improve our coverage position and save more than 40% off our 2007 renewal. Good thing I listened to my gut and CMR."
